

SEVEN ISLANDS ARTIFACT ID DAY

Saturday, October 8th, 2011

From 12:00 pm to 4:00 pm

at the

Indian Springs Hotel/Museum

1807 Hwy 42 S.

Indian Springs, GA.

The public is invited to bring their artifacts to be identified and dated by members of the Ocmulgee Archaeological Society, who will be on hand to identify Indian artifacts from all periods and historic artifacts from the earliest days of settlement. Of special note, several noted experts from across Georgia will be on hand to identify and record Clovis, Dalton, and other early projectile points. There will be several artifact collections on display, flintknapping demonstrations by Dave Swetmon, as well as atlatl, primitive weapons, and friction fire demonstrations. We will also enjoy "PICKING ON THE PORCH" again, so come out and join in the acoustic jam on the back porch!

For more information, please contact W.J. Shannon at wjshannon123@bellsouth.net or call 770-361-7185
